STUDENT RECITAL

Work of Illinois Conservatory of Music Brought to a Successful Close Saturday Afternoon

The year's work of the Illinois Conservatory of Music was brought to a fitting close Saturday afternoon with a splendid recital by the students of that institution. A large audience enjoyed the excellent program and all were enthusiastic in their praise of the high class work done by the performers.

The Conservatory has made wonderful progress during the year under the direction of Mr. Olds, and too much credit for the success of the school cannot be given to the director and his capable corps of instructors. They have labored as a unit for the success which has crowned their endeavors to so great an extent, and to them the proper credit should be accorded. The outlook for the future is certainly very bright and the friends of the Conservatory have every reason for expecting the work of the coming year to surpass that of any previous year.

The numbers of the program were of a delightfully varied character and were uniformly excellent. The younger musicians, no less than those who are already popular with the music-loving public, acquitted themselves creditably and were accorded unstinted praise.

Further interest was added to the occasion by the presentation of a teacher's certificate to Miss Cora Gordon Graham by Mr. Olds. Miss Graham has repeatedly delighted Jacksonville audiences with her beautiful voice and has fully earned the token granted her.

The program of the recital was as follows:

Polonaise, Op. 26, No. 1.....	Chopin
Jennette Thompson.....	
Allegretto from Ninth Concerto.....	Debussy
Hazel Brown.....	
Spring Song.....	Rachel Jarman

RAILROAD NEWS NOTES

The Burlington surveyors under Foreman Healey, arrived in the city Saturday and commenced staking out the ground for the changing of the course of the road. Work was received from headquarters in Chicago a few days ago that the surveyors would commence work at once, as the contractor to whom the contract for the grading work has been let, wants to commence work immediately.

The track will be tapped a half mile north of the Little Maunavistor, about one and one-half miles south of this city, and will connect with the road in this city just south of the depot, thereby cutting out the curve. It is thought that the track will run east of the depot as at present, and not west as was reported some time ago. The road will cross the Alton right of way at the Mitchell coal office on East College avenue.

Mr. Patton, real estate agent for the Burlington, will arrive in the city this week for the purpose of buying the property south of this city for the right of way.

The C. & A. is assembling ties and other supplies for the new extension to be built from East to Murrayville. The contract for the grading is to be let to outside parties and the bids are now in. The successful bidder will be notified shortly so that work can commence without delay. The maintenance of way department will distribute the ties and ballast and lay the rails. The distance is thirty-five miles.

The steam shovel, which has been working at Centuria for the past few weeks, on the Burlington, has been taken to Keyport. The roadbed this side of Centuria was cut down seven feet by the shovel, and the same operation will be gone through with at Keyport. The shovel which has been working at Centuria is working north by degrees, and the one now working just south of this city is working toward the south and will go to Virden in about two weeks.

Coach No. 22 left the local stops Friday for duty and the No. 13 left Saturday.

The laying of the fifty-five miles of Burlington track, which will connect Centuria with Herrin, will commence in a few days. Two hundred and fifty feet of track has already been laid south of Centuria, which is expected to arrive in a few days.

L. W. Barry, division superintendent of the Burlington, passed through the city Saturday enroute to his home in Beardstown.

C. S. Moslander, traveling auditor for the Alton, has completed his work in this city and gone to Mason City. O. C. Hill, who was checked out of office by Mr. Moslander, has gone to Keokuk with his family to take up his duties as traveling freight agent for the road.

C. E. Bennis, trainmaster for the Alton, was in the city Saturday on company business.

The regular crews of the local Wash. passengers will make their run to day instead of laying off, on account of the need of extra men for the big excursion to Quincy.

George Munco has taken the position of brakeman on Wash. passenger No. 9, to fill the vacancy caused by the resignation of Mr. Ripley, who has entered the freight service.

If you want your shoes repaired right, take them to The Three Georges.

WORK WILL BEGIN SOON. E. C. Kroder received word Saturday that work on the government building would begin this week. Representatives of Contractor J. B. & Sons, at Keokuk, expect to be here Monday or Tuesday and ground will probably be broken not later than Thursday.

At less than cost to import, those embroideries in our south window on sale Tuesday morning, 10c and 15c.

MODERN SHOE REPAIRING

In the shoe repairing business to stay. The work in the repair department has increased so in the last few months that we are forced to hire another shoemaker. Fred Gustafson, of Lynn, Mass., has been secured to operate the machine and in sewing the soles and finishing the work.

One Grade of Leather

No discrimination in the leather, one grade only being used, and it the best. Soles sewed on with the machine will wear longer and be more comfortable. No wetting or disturbing of the innersole, it is the only practical way to half sole shoes. These machines are no experiment, they have been thoroughly tried and have proven satisfactory. Have your soles sewed on and finished by machinery. Good, prompt and efficient service. Half soles sewed, 50 and 60c. Half soles backed, 35, 40 and 50c.

JUNIOR EXHIBITION

Held in College Gymnasium—
E. J. Hurie Awarded First Place—Will Represent College at Intercollegiate Contest.

The annual junior exhibition of Illinois college was held in the Jones Memorial building Saturday evening before a large audience. There were six contestants and the judges, Hugh S. Weston, A. H. Glasgow and R. O. Sloop, awarded first place to E. J. Hurie. President Charles H. Rammekamp presided.

The annual contests in oratory of the juniors at Illinois college are perhaps the most interesting contests of the commencement season and always arouse a great deal of rivalry among the students because of the fact that the winner represents Illinois college in the inter-collegiate oratorical contest. The exhibition Saturday evening was fully up to the high standard which has been set in previous years, the young gentlemen displaying the earnestness and enthusiasm in handling their subjects which is very commendable.

The program was as follows:
Invocation—Dean Hayden.
Violin solo, Faust (Alard)—Miss Thompson.

The Triumph of Liberty—W. L. Hurie.
The Reconstruction of Russia—H. A. Graves.

Enthusiasm—O. B. Williams.
The Immigrant—C. A. Carrel.
The Prince of Duty—E. J. Hurie.
The Far East—The Future—J. E. Scott.
Violin duo: a Summer Song (Strauss); b. Serenade (Godard)—Misses Dunlap and Brown.

ILLINOIS COLLEGE

EVENTS OF THE SEVENTY-FIFTH ANNUAL COMMENCEMENT

Hon. W. J. Bryan Will Deliver an Address on "Man" Wednesday—Sigma Pi Triennial Reunion—Baccalaureate Exercises at Westminster Church This Morning.

The seventy-fifth annual commencement of Illinois college promises to be of an unusually interesting character. It will be the first commencement under the administration of President C. H. Rammekamp and the regime inaugurated when Hon. W. J. Bryan became chairman of the board of trustees. All signs point to the dawning of a new era for the grand old college on the hill. The trustees, faculty and alumni are all working in harmony and for a common end, namely, the increasing of the student body, the securing of new friends and the arousing of a new interest on the part of old friends of the institution. Special interest is being paid to the securing of a hearty co-operation of all friends and the citizens here in Jacksonville, and in Morgan county.

The program for commencement week has been prepared with great care and it is hoped that all friends of the college and the citizens will avail themselves of the opportunity of visiting the Hill and participating in the events of the week. Their presence will be most cordially welcomed.

The exercises of the week will open this morning with the baccalaureate sermon at Westminster church by Dr. Hamilton Spence, of Galesburg. All alumni of the college and past students are invited to meet at the church at 10:30 o'clock and proceed

to the main auditorium in a body.

Monday will be Osage/Orange day and there will be two interesting base ball games, one between the faculty and college teams and one between the alumni and undergraduate teams. Monday evening the annual senior promenade will take place in the college gymnasium, at 8 o'clock.

The class day exercises of the senior class will be held Tuesday morning and the Whipple academy commencement exercises will be held Tuesday afternoon. Both events will take place in the college grove.

Tuesday evening at the gymnasium will take place the triennial exercises of the Sigma Pi society. The program is a noted one in many respects.

Senator Charles O. Baldwin, of Duluth, Minn., of the class of '86, will be the toastmaster. The list of speakers and their subjects are as follows:

"The Influence of the Heart Over the Life"—Hon. W. J. Bryan, '81.

"The Relative Value of Studies"—Dr. Samuel Willard, '43. (Only living founder of the society.)

"Illinois College"—President Chas. H. Rammekamp.

"Some Sentimental Values"—Hon. George H. Wilson, '88.

"Sigma Pi; a Training School"—William S. Sanford, '01.

The annual meeting of the board of trustees will be held Wednesday morning at 8 o'clock in the Jones Memorial building.

The graduation exercises of the seventy-fifth commencement will take place in the college grove. An important feature of this commencement will be the address of Hon. W. J. Bryan, whose subject will be "Man."

The president's reception to the members of the graduating class will take place in the college gymnasium Wednesday afternoon at 4 o'clock.

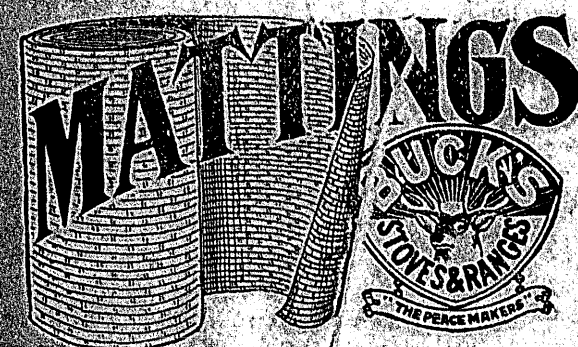

The annual dinner of the alumni will take place at the Colonial Inn Wednesday evening at 6:30.
